LAND!

New Afrikan Freedom Fighter Day, July 18, 1981
Solidarity Statement from May 19th Communist Organization by Judy Clark

"We want our children to be part of building this new socialist society. That is why we built the Clifford Glover Brigade for our young people to march with us today, under the leadership of the Black Liberation struggle. We want them to understand that a system that survives through the murder of Black children by killer cops and the klan provides no future for them. But for them to live in a better world, they must start fighting for it by fighting white supremacy now. That is the way that they will learn new values and can grow into young revolutionary women and men."

All quotes by the Clifford Glover Brigade unless otherwise indicated.

KEEP ASSATA FREE

"It was Assata Shakur's Birthday and she's a freedom fighter. She's fighting to free other Black people and she's underground."

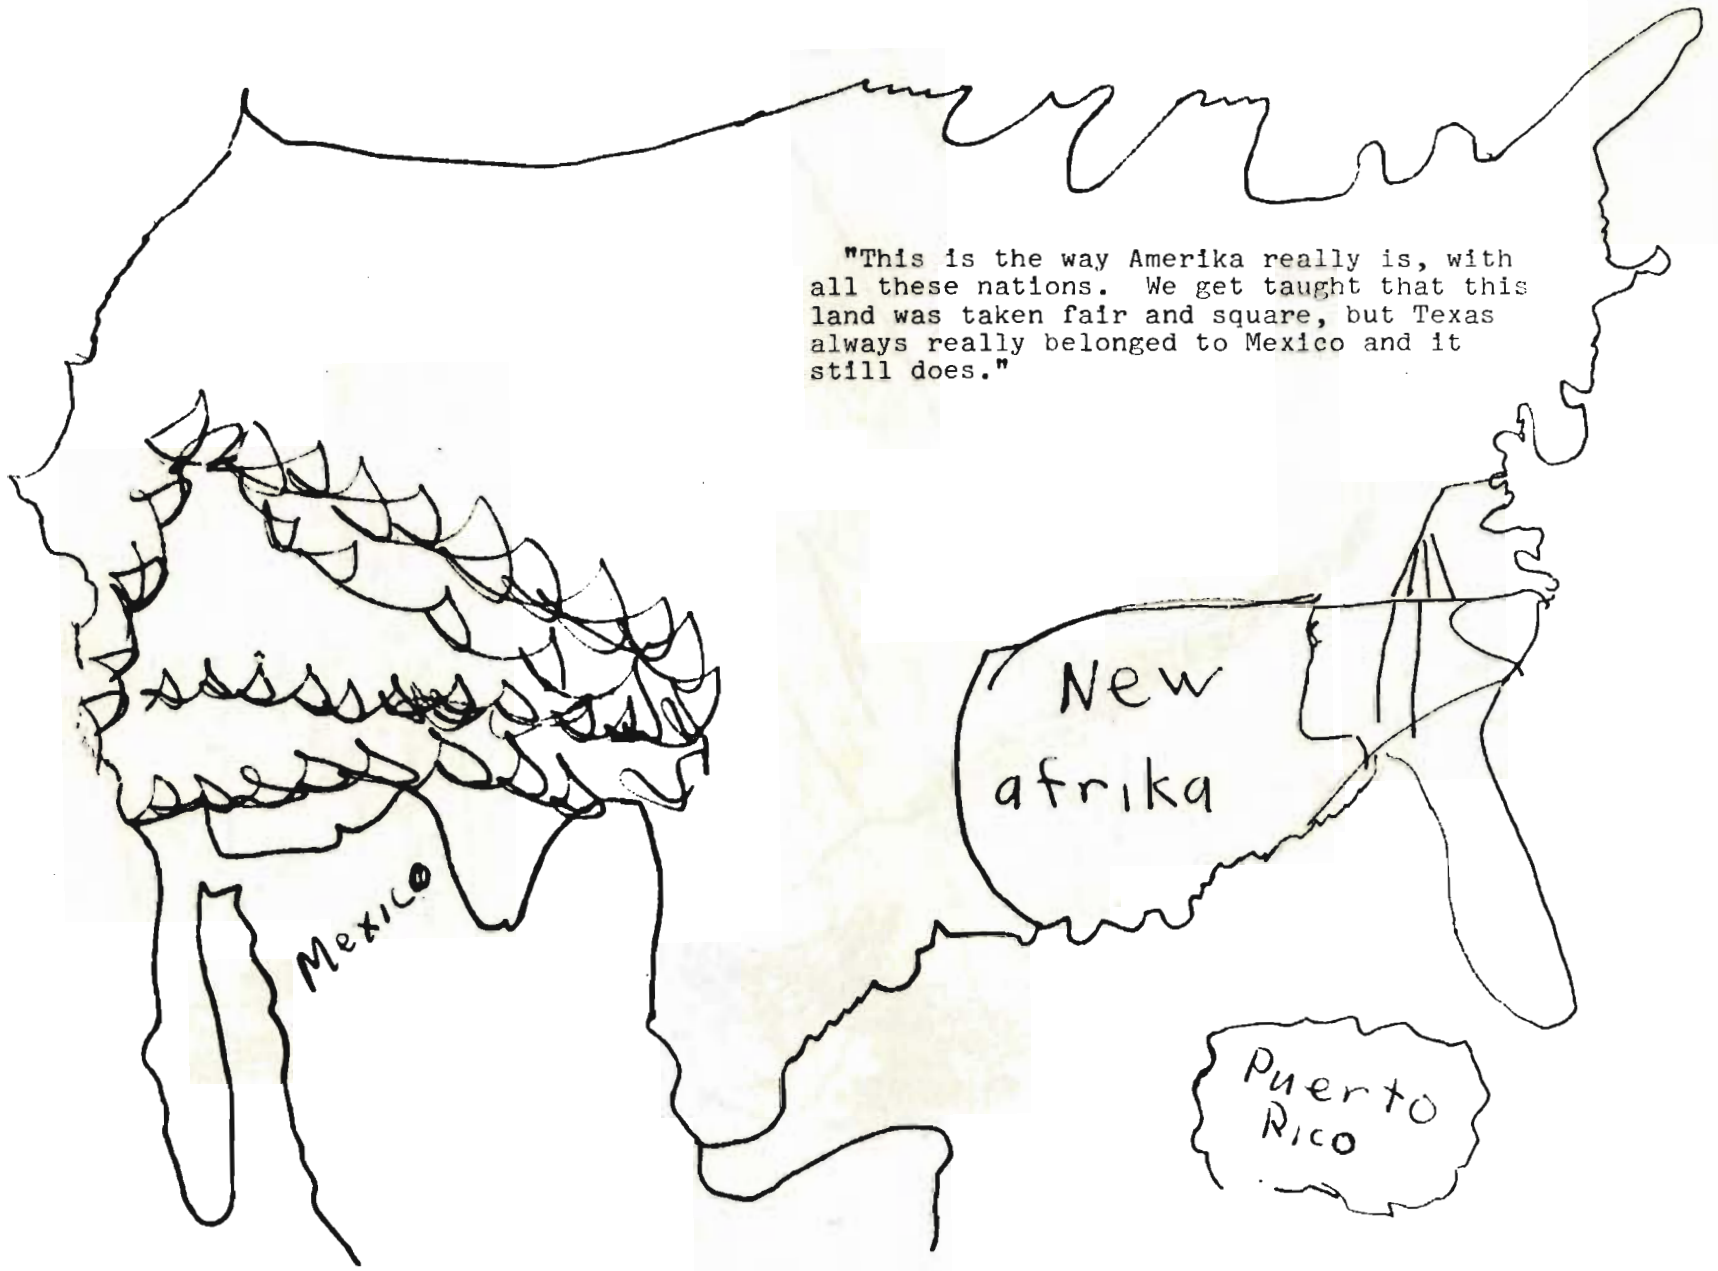

DYLCIA PAGAN, P.O.W.

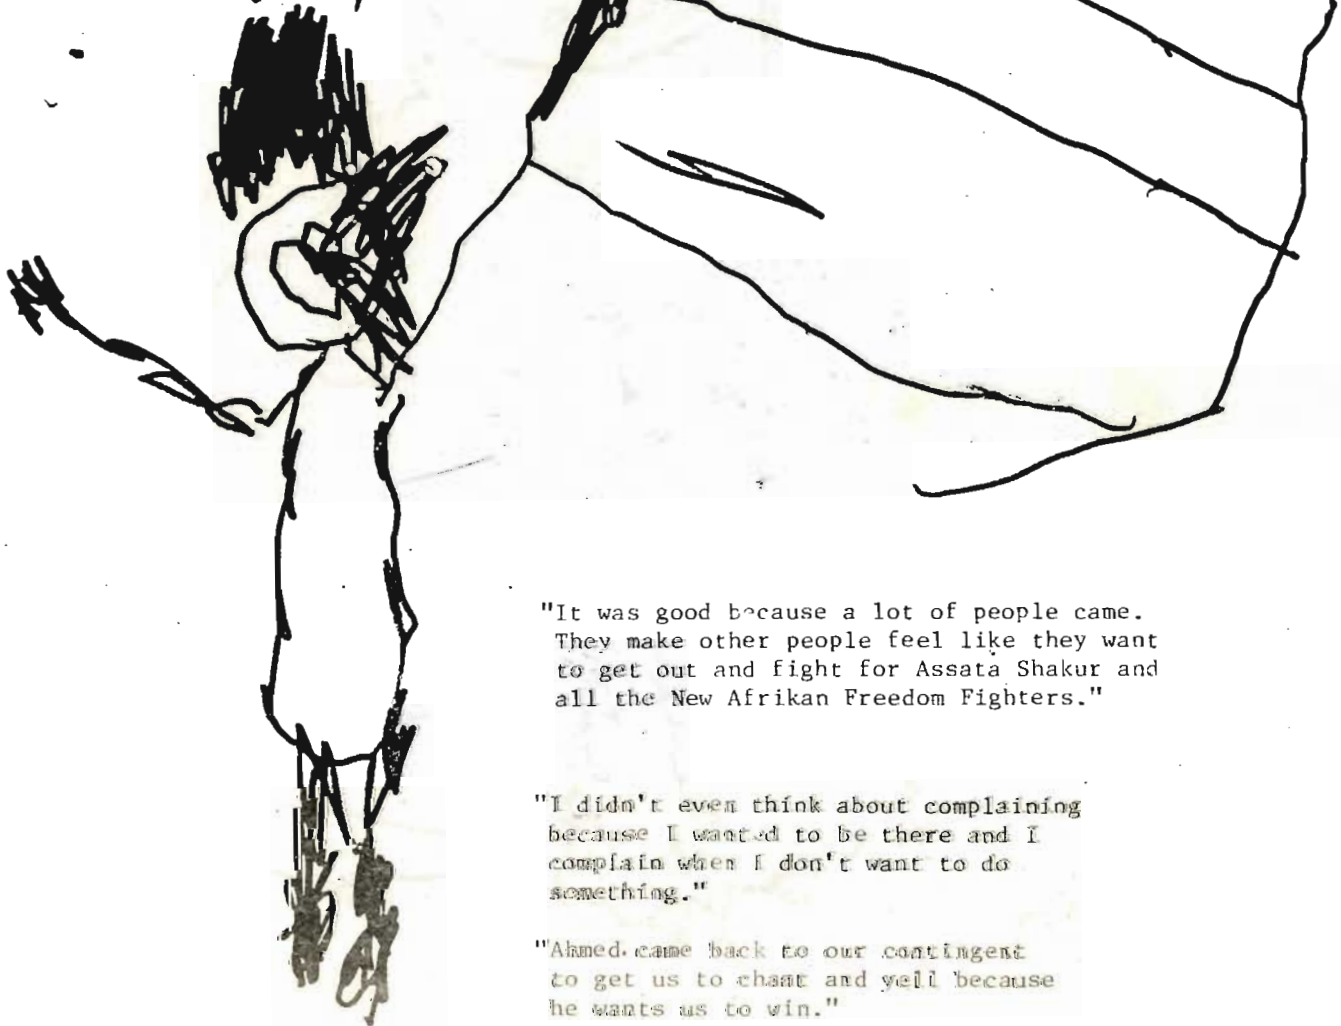

"The eleven Puerto Rican Prisoners of War were captured in Chicago and accused of being in the FALN, an underground Puerto Rican organization fighting here in the u.s. They are fighting for Independance and Socialism for Puerto Rico.

Puerto Rican people have a right to their country. For Puerto Rico to be free, it will weaken the u.s. and help us defeat it, too."

"This is the way Amerika really is, with all these nations. We get taught that this land was taken fair and square, but Texas always really belonged to Mexico and it still does."

Land!

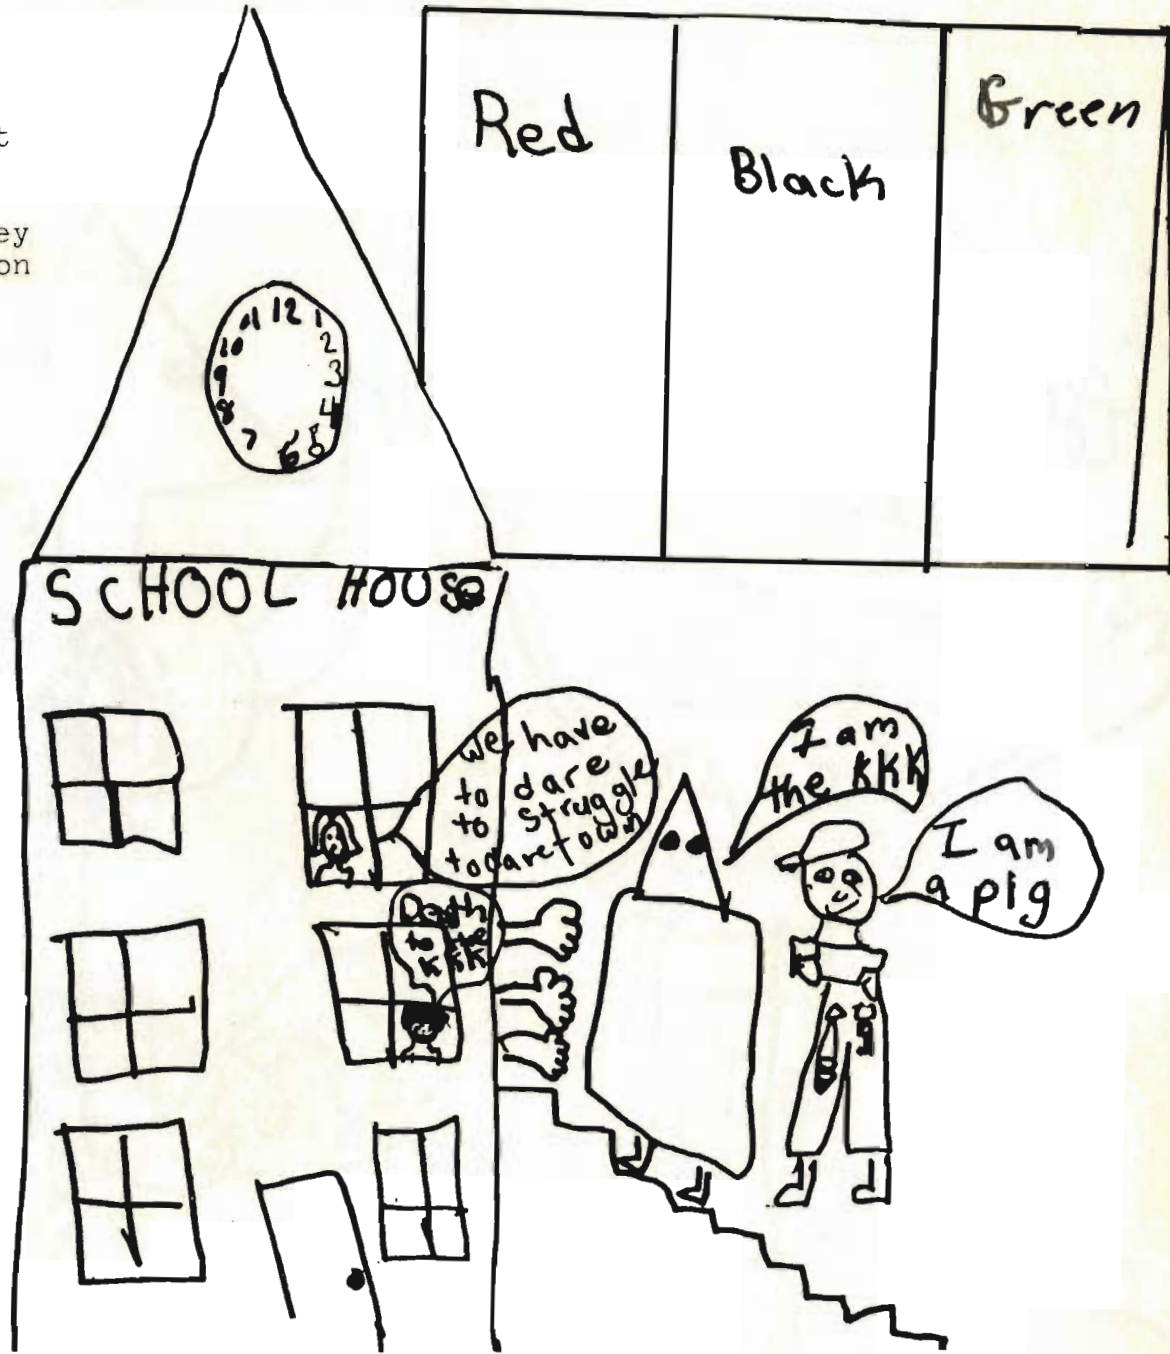

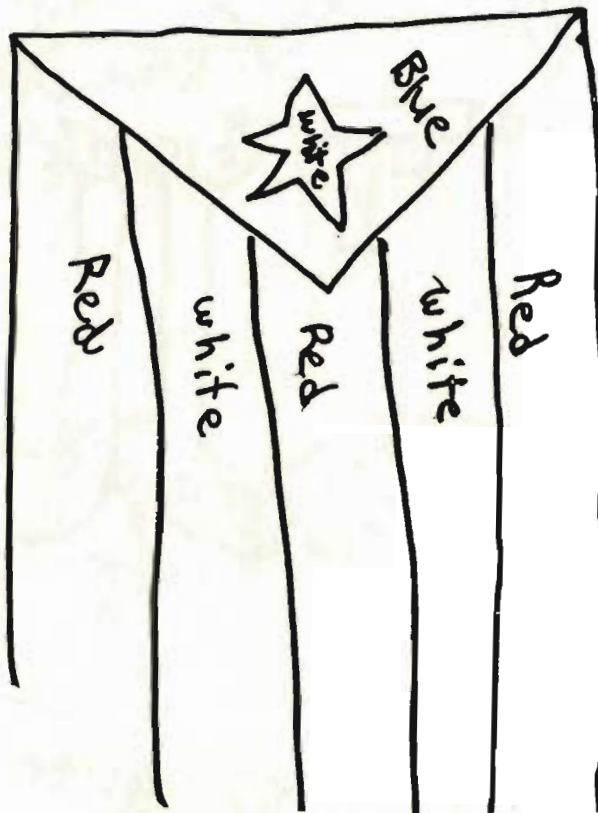

"It was good because a lot of people came. They make other people feel like they want to get out and fight for Assata Shakur and all the New Afrikan Freedom Fighters."

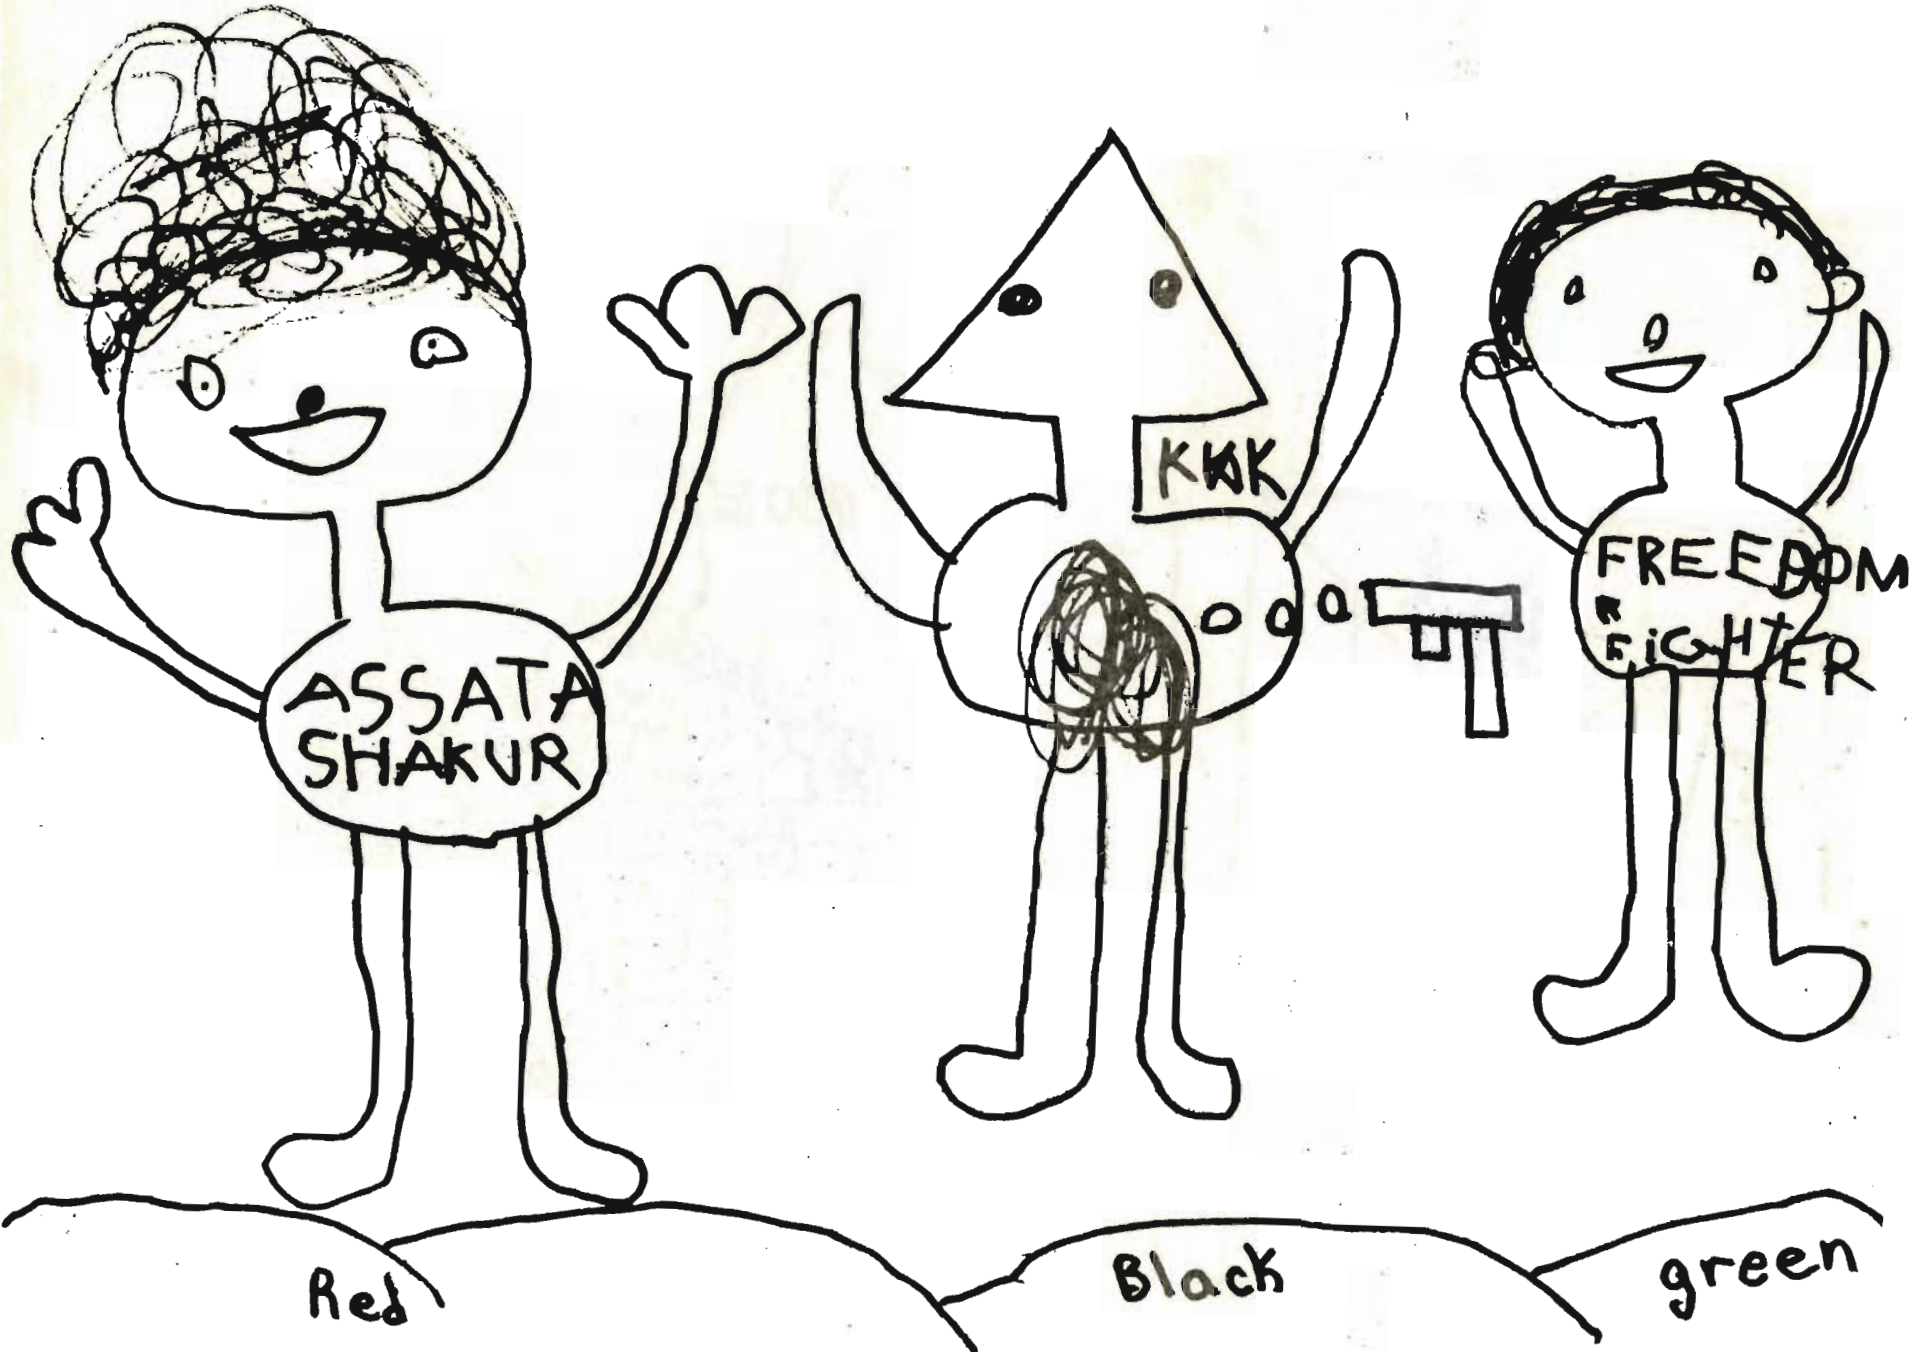

"I didn't even think about complaining because I wanted to be there and I complain when I don't want to do something."

"Ahmed came back to our contingent to get us to chant and yell because he wants us to win."

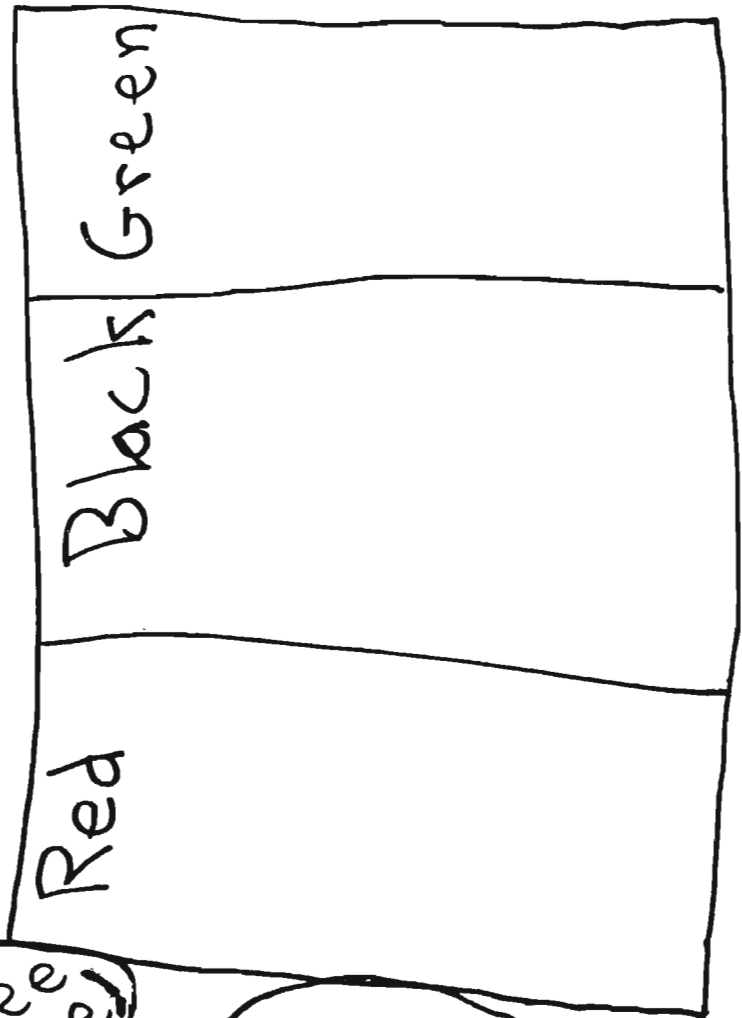

Q. What do you think about school?
A. School is boring to me. Its not just that its boring but they don't try to teach allot of kids, you know, Black kids, they don't even try to keep in classes and when they teach they teach lies like the colon ialists bought this land from the Indians and stuff

Malcolm X

"One of the first things I think young people, especially nowadays, should learn is how to see for yourself. Then you can come to an intelligent decision for yourself. If you form the habit of going by what you hear others say about someone, or going by what others think about someone, instead of searching that thing out for yourself and seeing for yourself, you will be walking west when you think you're going east, and you will be walking east when you think you're going west."
