

A M E R I C A ' S NAZI CHILDREN

On March 4, 1989 a thousand anti-racists had the courage and commitment to do what city officials and court judges wouldn't do—oppose the "Aryan Woodstock" sponsored by Nazi leaders Tom Metzger and Bob Heick. Action is great. Action *and* analysis are better. Come to a program to discuss:

Who's leading the New Nazi movement
What do they want for America
What have they already done
Who would live, who would die in Aryan America
How will we defeat them
