Hi Steve -

Here's the letter about
the latest water test results.

It's the Assoc. Warden who
got the copy, not Clark, al-
though I'm sure he knows
about it.

Also, the law about notify-
ing consumers is 40 CFR 141 (these
are Regulations pursuant to the
Safe Drinking Water Act.)

Let's talk,

Dick

P.S. The Trihalomethanes report says .207 mg/L and
the current standard is .100.
