

CHANT FOR OUR TIMES

by

ELDRIDGE CLEAVER

President Nixon is going to China

To whisper and connive with Chou En-Lai

Devious, treacherous, like Hitler and Stalin

What might they do in the shadows of night.....

WHAT WON'T THEY DO HIDDEN IN THE DARK.....

WHAT HAVEN'T THEY DONE HIDDEN FROM VIEW.....

President Nixon is going to China

To seal his deal with Chou En-Lai

People all over the world are frightened

NO LONGER CLEAR THE WAY AHEAD.....

President Nixon is going to China

Plotting our doom in secrets of blood

People all over the world are dying

FROM THE BULLETS AND BOMBS OF BABYLON.....

In Vietnam big bombs still falling

Rockets and missiles igniting the ground

Cruel, inhuman racist aggression

RAINING FIRE AT NIXON'S COMMAND.....

Throughout the Third World the children are starving
Wracked by disease and poverty!

Africa, Asia, Latin America

LANDS OF FIRE THIRSTING TO BE FREE.....

Look at this land they stole from the Red Man

Soaked with blood from coast to coast!

Blood of our fathers, blood of our People

SPIILLED ON THE EARTH IN TORRENTS OF RED.....

Blood on the highways, blood in the alleys

Blood on the streets of Babylon!

Blood on the stripes of the star spangled banner

BLOOD ON THE FLAG OF BABYLON;::;::;.....

The prisons are filled with our Brothers and Sisters

Guilty of loving liberty!

Dreams in their hearts, inspired by visions

OF FREEDOM, JUSTICE, AND EQUALITY.....

Democracy is a new mask for tyranny

Slaves in the home of the Brave!

Dissent is a crime, protest is Treason

SPEAK -- BUT DO NOT BE HEARD.....

The Bill of Rights and the Constitution

Mute -- in this hour of need!

The Supreme Court, the Supreme Insult

NINE OLD HAINTS IN SOILED BLACK ROBES.....

The People have said to both Houses of Congress

Stop the War, Heal the Land!

One House is rotten, the other is poison

WE SPEAK -- BUT ARE NOT HEARD.....

Government of, for, and by the People

Truths Self-Evident!

Equal Protection of the Law

BRIGHT PEARLS TRAMPLED

BENEATH THE HOOVES OF SWINE.....

Corporate Executives with ice where their hearts were

Deaf to the plight of the poor!

Cancer, corruption, Electronic heartbeats

SPEW PAIN AND DEATH O'ER THE GLOBE.....

Look, Brothers, our sisters are crying

They hardly have time to bury the dead!

Vengeances is ours, Victory is certain

WE SHALL DEFEAT THEIR EVIL PLAN.....

These are the days Nat Turner dreamed of

Flaming dreams drowned in blood!

Four hundred years our people have struggled

TO BREAK THESE CHAINS -- AHHH, TO THROW OFF THESE CHAINS.....

Death is the price we all pay for living

So living itself should be free!

Brutal oppression and exploitation

HAVE MADE OUR LIVES PROFANE.....

CHANT FOR OUR TIMES

A new world is ours, it's there for the building

But first, Our War Must Be Won!

Not our choice -- but war is upon us

COME, MY BROTHERS, BE BRAVE.....

Lets show the world how to fight for Freedom

In the Cities and Wilds of Babylon!

We are the people, our numbers are millions

WE ARE A PEOPLE STRONG.....

We are a people crushed down to the bottom

Plunged into Death and Despair!

But each dark day has led to tomorrow

YES -- AND WE WON'T QUIT NOW.....

Come out, look up, you bright-eyed warriors

Face to Face with Our Destiny!

Come out, Come out, Be Valiant Young Warriors!

Take the Guns and Kill the Pigs!

Bitter, sweet, joy and ~~corruption~~ sorrow

BUT NO OTHER WAY -- AHFFF -- NO OTHER WAY.....

Come all you young warriors from each state of the nation

Pick up your guns along with your dreams!

We'll take a long march to the top of the mountains

AND TEAR DOWN THIS EMPIRE OF BABYLON.....

Come all you young brothers, let's get it together

BUILD US AN ARMY TEN MILLION STRONG!

CHANT FOR OUR TIMES

Come all you young warriors let's build us an army

AND TAKE A LONG MARCH TO THE EDGE OF THE SEA!

Peace for us, sweet slumber for our children

LET IT BE -- AHHH -- LET IT BE.....

The bells you hear toll for our enemy

The Drums You Hear is Our Victory!

United We Stand, Divided we Fall

TOGETHER WE SURELY SHALL WIN.....
