

A Response to Tania, Sister Soul

I hear you Tania,

I hear you well when you say
your spirit has been reborn out of
the ashes of your love.

I hear you sister,

I hear your pain as my pain,
America kills children in SE Asia,
America steals milk out of the mouths of
Chilean babes,
America destroys free governments
all over the world,
America ignores the cries of her own
hungry children.

I hear you Tania,

I hear well your rage,

America's murderous, parasitic, tyrannical,
insensitive soul opposes
children and freedom, life and
independence.

America's greed and power contam-
inates our souls.

Our spiritual rebirth will come
out of the ashes of America's arrogance.

I hear you sister,

I hear your soul,

It is filled of love, of freedom and
life, and of fidelity to the sons
and daughters of the SLA and to
we the people.

Your innocent soul nourishes our
immortal hopes and dreams.

I hear you Tania,

I hear you well, sister soul
because we are one.
