May Ninetenth Combat Unit (N. W. L. F.)

Greetings to the people.

Revolutionary love and solidarity to our comrades who follow the path of armed struggle.

Today, members of the people's army carried out a combat operation against an agency of the United States government (F. D. I. C.)

In this month of Malcolm, Jose, and Ho, we reaffirm our commitment to the liberation of the people by any means necessary.

To Pig Bates and his murderous lackeys, (L. A. P. D.) even with 100/1 you cannot win the war of the flea!!

To our beautiful comrade brothers and sisters of the S. L. A., who loved the people and "dared to struggle" we express our profound revolutionary love.

BLACK LIBERATION ARMY

GREETINGS AND POWER TO THE PEOPLE

TO: ALL ELEMENTS OF THE NEW WORLD LIBERATION FRONT, B.G.F., S.L.A., THE WEATHERUNDERGROUND AND ALL OTHER REVOLUTIONARY GROUPS WHO HAVE CHOSEN THE MEANS OF ARMS AS A SOCIAL PROTEST AND AGENT FOR CHANGE.

FROM: COMBAT UNIT FOUR OF THE BLACK LIBERATION ARMY

1. Western Region: California State Prison
All Underground Safehouses
2. Eastern Region: Attica State Prison
All Underground Safehouses

COMBAT OPERATIONS: May 31, 1974
ACTION: EXPROPRIATIONS

We, the BLA Combat Unit Four, speak to you, the people of the oppressed community to inform you of the combat operation which took place in the Bay Area today.

In order to keep the Guerrilla movement alive we "Unit Four" understand the meaning of the term: "Use what you got to get what you need" very clearly.

We would like for the masses of people, and the pig news to understand that we are not just mere bandits, that we do not, as other so-called revolutionary groups, expropriate funds to buy dope, cars, \$600 a month apartments, and white houses that sit upon the hill.

Revolutionaries only expropriate funds to supply the struggle and its army with the necessary tools to perform a suitable job for the people.

It is for the people that Guerrilla fighters shoot down policeman, set bombs, pass out information to the people, and other "work" that is necessary to gain the freedom and the love and the joy that we as poor people should have all around the world.

The Black Liberation Army understands that it is the U.S. that oppresses the people, (Black, White, Brown, and Yellow) all over the world, and that these oppressed people spit upon this racist, dogist empire, U.S.

Unit Four believes that Guerrilla strategy is dynamic and it has positive political objectives and positive military goals. The strategic defensive is an active defense based on incessant attack. Darker days await the masses of the people. Although the sun is already down, we still dance to the death of the pigs. When the enemy advances, we retreat, when he runs, we chase him, when he sleeps, we attack. The Revolutionary Peoples Army must spread their forces all around the country.
