

REPORT BACK FROM THE MARION/LEXINGTON DEMONSTRATION

A TRIBUTE TO MALCOLM X

MONDAY, MAY 19
6:00 PM \$2

LAKEVIEW PRESBYTERIAN
ADDISON AND BROADWAY

Malcolm X was a leader of the Black Liberation Movement of the 1960s - a leader whose actions and words shaped that movement. To this day, Malcolm remains both inspiration and guidance for Black/New Afrikans who are fighting for their liberation and for North American white people who are working against white supremacy and for a new society.

May 19 is the date of Malcolm's birth. On that day the Committee to End the Marion Lockdown will honor him by showing videotapes, clippings, and photographs from the Marion/Lexington demonstration of April 19. We will also show the full length film, "El-Hajj Malik El-Shabazz," which describes the life of Malcolm X.

We invite you to join us in this evening of evaluation of the Marion/Lexington demonstration and of tribute to Malcolm X.
