## STATEMENT TO THE COMMUNITY

On April 14, two Central Committee members of the Black Panther Party were kidnapped by the state of Connecticut from the courtroom where a preliminary hearing for the New Haven Panthers was being held. The New Haven Panthers are on trial there, for the FBI-instigated murder of Alex Rackley.

David Hilliard, Chief of Staff of the Party, was sitting silently reading a paper while one of the court guards looked over his shoulder. David turned and said, "Do you want to read this?" The guard answered, "I've already read it." The guard then pushed David. David stood up saying, "Get your hands off me." Minister of Culture, Emory Douglas, also stood, after watching the guard try and provoke David.

Surrounding them quickly, the court guards dragged them in front of the judge, Mulvey, who asked them their names and where they were from. He then said: "Guilty of contempt of court; six months in the County Jail."

This act of blatant fascism is a typical example of the oppression that the Black Panther Party is trying to stop, what the Ten-Point Program of the Party seeks to eliminate.

The racist dogs of the power structure are attacking the Black Panther Party in all possible ways, seeking to destroy the party for its whole-hearted devotion to the needs and desires of the people. We need action. We must Counter-Attack against this grave attack on Black people generally and especially the Black Panther Party.

AND OFF THE PIGS!**

## PRESS STATEMENT

This press conference is called today to inform the people about the political kidnapping of the Chief of Staff of the Black Panther Party, David Hilliard and the Minister of Culture Emory Douglas in the New Haven State Courtroom yesterday. (4/14/70) This overt act of fascism is part of the nationwide plot on the part of the ruling class officials to destroy the Black Panther Party. It should be clearly understood that neither David Hilliard nor Emory Douglas committed any crime. The only thing David did was to read a piece of paper in that courtroom. They were vamped on by the storm troopers of this state.

It is impossible for a Black man to get a fair trial in the racist courts of America. Judge Mulvey has proven himself to be a fascist and he has already decided to murder in the electric chair, Chairman of the Black Panther Party and all of the other New Haven Panthers now being held in prison here on trumped-up charges of murdering one of our comrades Alex Rackley. We are asking the people to take a stand and resist the fascism that has taken over this country. There will be a mass rally Sunday, April 19, at Beaver Pond Park here in New Haven. We want all the people who are opposed to racism and fascism to come out in support of the victims of fascism, members of the Black Panther Party.

**CONNECTICUT STATE CHAPTER  
BLACK PANTHER PARTY**

KIDNAPPED

The escalation of madness manifested in trumped-up charges directed specifically towards the ELIMINATION of the NATIONAL COMMITTEE to COMBAT FASCISM, has stepped up here in the "Park City." ROBERT DUMAS, 18 year old High School student is being held in jail on a \$10,000 RANSOM. He was arrested on the charge of conspiracy to commit arson. The evening after Shiloh Baptist Church was supposedly fire bombed, Sgt. Buchanan of the Bridgeport PIG dept. threatened that if he and his PIG PALS could not find the real culprits, he would blame the members of the N.C.C.F. Our Minister of Defense Huey P. Newton has said, "It appears that the efforts to suppress the will of the Black Community are intensifying! Every Black man that attempts to strengthen the Black Community is subversively silenced by the Establishment!"

We are asking the concerned people of this community to lend support to an innocent young man who is in the service of the poor oppressed peoples of this city. Help us free ROBERT DUMAS, and show the system that we will not stand for this depraved kidnappeng of a Black man. Send all contributions to the National Committee to Combat Fascism, 470 Broad St., Bridgeport, Connecticut.

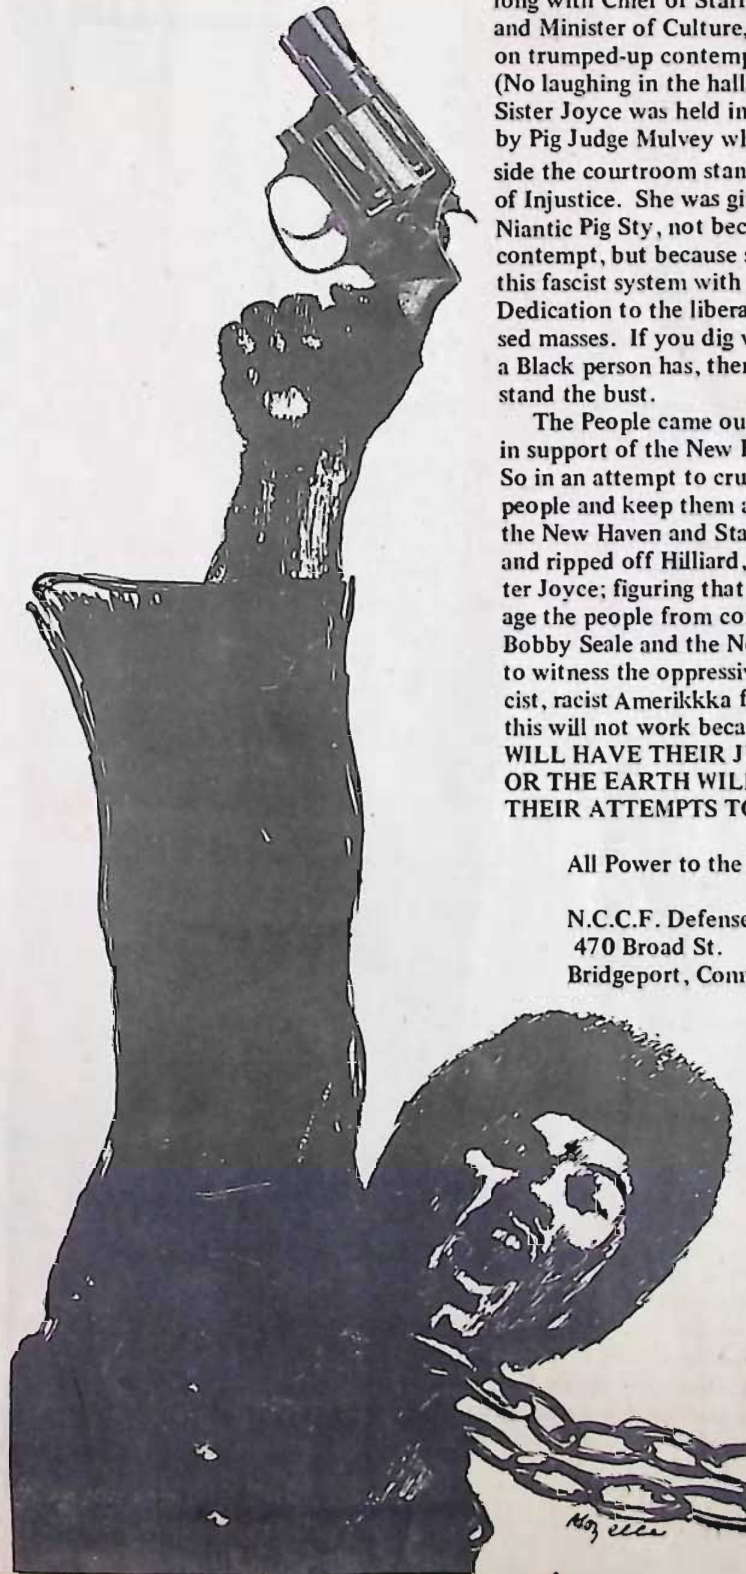

RIPPED OFF

In their ever-increasing attempts to crush the spirit of the Bridgeport Branch of the National Committee to Combat Fascism, the fascist Connecticut State Pigs ripped off Sister Joyce Townsend, along with Chief of Staff, David Hilliard, and Minister of Culture, Emory Douglas on trumped-up contempt of court charges. (No laughing in the halls of injustice.) Sister Joyce was held in contempt of court by Pig Judge Mulvey while she was outside the courtroom standing in the Halls of Injustice. She was given 25 days in the Niantic Pig Sty, not because she was in contempt, but because she had provoked this fascist system with her Revolutionary Dedication to the liberation of the oppressed masses. If you dig what little justice a Black person has, then you can understand the bust.

The People came out some 350 strong in support of the New Haven Panthers. So in an attempt to crush the spirit of the people and keep them away from the trial the New Haven and State PIGS moved in and ripped off Hilliard, Douglas, and Sister Joyce; figuring that this would discourage the people from coming to the trial of Bobby Seale and the New Haven Panthers to witness the oppressive injustice of fascist, racist Amerikkka for themselves. But this will not work because the PEOPLE WILL HAVE THEIR JUST LIBERATION OR THE EARTH WILL BE LEVELED BY THEIR ATTEMPTS TO GAIN IT.

**NEW HAVEN FREE BREAKFAST PROGRAMS**

The New Haven Chapter of the Black Panther Party has opened two Breakfast Programs here. There is a free Breakfast Program at the Newhallville Teen Lounge which serves the basic needs of the children of the Newhall section of New Haven. Due to extensive repairs on the center, the Breakfast has been closed, but hopefully by Monday, April 13, the Breakfast Program will be in full operation once again. There is also a new Breakfast Program in the Hill section at the Legion Center. The program is running smoothly in its first week of operation. We are dealing with trying to open more programs in the communities of New Haven to see to it that our children are fed every school morning.

The existing programs are named in memory of John Huggins, a brother from New Haven, who gave his life so that the people may be free. Brother John's body is dead, but his spirit lives on because he dedicated his life to the people and he paid the highest price for the freedom of Black people.

The Breakfast Program is truly a peoples' program and we ask the people of New Haven for a few hours of their time each school morning to come out and help us serve the children or volunteer your services in what you can do best.

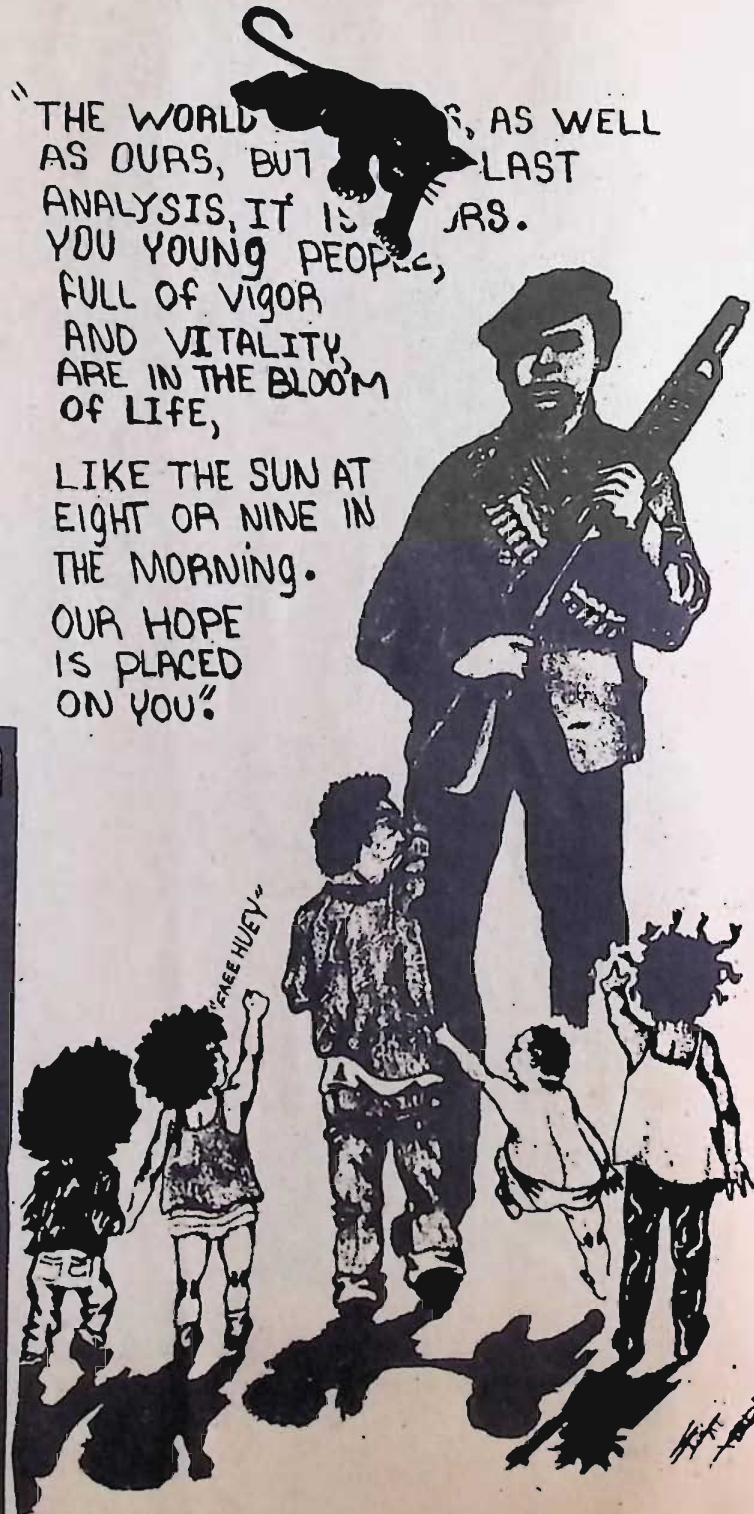

For information on the Free Breakfast Program nearest you, contact:

# WHAT IS A PIG?

## WANTED DEAD

Who is Buffalo? Who is this foul animal named Buffalo? Did he grow up in the New Haven Black Community or was he trained by our enemy to kill and imprison the people of the black community? Well, whatever you have decided, people in the black community have come to a conclusion that Buffalo is a pig, a keeper of law and order. A parrot for the mayor of New Haven. This nigger is one of many who has taken the opposite side of the oppressed blacks.

He, Buffalo, has beat students in the Black Community (and is the ring leader for a special squad the pig mayor has set up). Now many brothers and sisters of the block have spoken of this pig called Buffalo. The word that I heard brothers and sisters speaking was not words of approval but words of disapproval. And at this point in our struggle for national liberation the white power structure finds it necessary to hire and train a whole lot of big niggers into his army and I really don't think that it is too hard to see that a pig, is a pig, is a pig, is a pig. So that you don't try to love your enemy; you kill them.. When he is sipping coffee or sitting in a pig car tripping. But always keep in mind that whatever is to be done to our enemies we must always plan it

## WHAT IS GENOCIDE?

When genocide is mentioned, the gestapo tactics used by Adolph Hitler in the genocidal murder of the Jews or the fascist tactics used in the murder of Fred Hampton and Mark Clark (murdered by fascist pigs December 12, 1969) come to mind.

Genocide is not just the wiping out of one's race by forcible means. We are subject to genocide in the roach-ridden, rat-infested apartments we are forced to live in; by landlords charging us high rent for housing which is one of the bare necessities of life. This is genocide, because without these things (decent food, clothing, housing, etc.) it is impossible to exist.

We are subject to genocide; we are allowing ourselves to be subject to genocide by tripping out on drugs that the pig power structure is flooding our black communities with. How? First liquor was the thing. The government had a large supply of liquor flowing through the community. Then for a

while there was a large supply of weed Then it stopped, and if you could get it, the quality was bad. We needed something to get high on, and the pig government supplied us with it. But this time they weren't playing; this time, they flooded us with the hard drugs: heroin, opium, speed, etc. These types of drugs destroy your mind and body and will kill you. These are the drugs you get hooked on--the kind that you'd kill your own mama to get a fix for.

This leaves you hooked and dependent on something. To support your habit, you resort to any means necessary. Things as bad as killing a two-year-old baby, your mama, your papa, and anyone else. This was planned by the power structure of AmeriKKKa as a way to annihilate us--to keep us in a world of non-reality, so that we don't see the contradictions in this government of the pigs, by the pigs, and for the pigs, so that we don't see the contradictions in why the richest country in the world can afford to send a man to the moon to collect rocks, but can't afford to see the people of its country, which they claim to care about, don't have decent housing fit for the shelter of human beings. (No. 4 of the Ten Point Platform and Program of the Black Panther Party.) What do you do with something you no longer have need for? You discard it. What do you do to

an old work-horse that is no longer of use? You shoot it. The pig government has advanced its technical level now to the point where it no longer needs slaves. What happened to Fred? What happened to Mark, Malcolm, King? What's happening to black people as a whole? And poor oppressed people in general?

**RACISM:** Prejudice, hatred or dislike of someone because of his race, color or national origin, instead of judging him by his actions.

**CAPITALISM:** A social system based on profit (America, France, Britain) where only a select few own and control the businesses, courts, law-making, and decisions in their own interest and at the expense of and not in the interest of the masses of people.

**IMPERIALISM:** The same as capitalism except that it exploits people in countries outside of its own. It robs countries of their natural resources (oil, sugar, metals, etc.)

**EXPLOITATION:** When someone or country charges its people more than what their goods are worth—robbing the people.

**SOCIALISM:** When people share with each other and when everyone works for the good of the people and not for one's own self. (Free programs - Breakfast Program and Clothing Program.)

**REVOLUTION:** Revolution means change. A revolutionary is one who is dissatisfied with a system that brutalizes, murders, exploits, and oppresses the people it pretends to serve (America, France, Britain). He is not only dissatisfied but he also moves to change the system by educating the people to the truth and setting examples of how to change it, so that it functions for the poor and not just the rich.

**OPPRESSION:** When people are kept poor and down-trodden and treated as though they were subhuman.

**COLONY:** A community, nation, or country that is owned and controlled outright by an outside country. In our case, Black people live in a colony and are therefore colonized. Our community is controlled by the White Mother Country economically, militarily, politically, culturally, etc.

**FASCISM:** Open terror by a government through murder and imprisonment to keep the people from changing the system.

**AVARICIOUS:** Greed—the greedy businessmen (Rockefellers, Kennedy, Duponts) who keep all their profits to themselves.

## HELP NEEDED

The Black Panther Party relates to socialism by example.

In all cases, we try to share our resources with the Community, for the Panther Party exists to serve the people and to help meet the basic needs of the people. In order for the Black Panther Party to serve the people better, we need: typists, artists and photographers to help with the People's News Service, and with leaflets; drivers and help with the Breakfast Program; and volunteers with skills such as auto mechanics, carpentry, plumbing, electrical work, etc., to donate a few hours per week.

## COMBAT FASCISM!

We understand quite clearly that the methods used by the fascist U.S. government are essentially the same as those used by Hitler, Mussolini, Tito, and all fascist masterminds throughout history. We also understand that the people are the decisive factor in the making of world revolution. So therefore we move to educate people to what this government is all about. We educate by various means, i.e.,: Community News Service, Political Education Classes, Liberation Schools, Community Meetings, Speeches, etc. But our main method of educating the masses of people is by our practice. The tool of example!

Since the inception of our revolutionary organization, courageous brothers have given their lives in the struggle for liberation for poor and oppressed people of this country and the world. Giving one's life for the cause of liberation of the people should act as an alarm, calling all exploited people to open up their eyes, ears and hearts, and openly support the liberation fighters throughout the world. So then why is there singing and dancing in the slave quarters?

It's high time that the black people in this country stop licking lolly-pops and boots, and realize that the lollypop is nothing but a temporary pacification act, and that the heel of the very boot they're licking is on their necks, and has been keeping them oppressed all their lives, for centuries. Even though the oppressed people of this country are socialistic by nature, their aspirations are all geared toward capitalism. The theory of black capitalism that is strongly supported by the Nixon Administration is part and parcel of the same capitalism that has been exploiting people here all over this planet.

It is almost impossible to talk about capitalism and not mention the powerful vehicle on which it is able to maneuver into every corner of the earth: the news media — the apologist of neo-colonialism, the justifier of fascism, the disseminator of imperialist propaganda, all around the world. In Africa, the Zulu warriors each upon reaching manhood would go out into the jungle and kill a lion. He then would take the lion's mane and wear it as a headpiece, to exemplify his manhood. In any part of the country they would go, they would wear this headpiece to show their courageousness. This was their form of propanganda to show that they were brave and courageous warriors, and that they weren't to be f---ed with. This form of propanganda

**GERONIMO**  
Dep. Minister of Defense So. Calif. Chapter

was valid and authentic. On the other hand, during the time of the Roman Empire, the Romans would pay men to go into all parts of the continent to lie about the powerfulness of the Roman Empire, about how they had conquered this country or that country, and how beautifully the people lived. Before long they set an image that was omnipotent, and when countries heard of the Romans coming, they were so frightened just from the thought of such an army that they would surrender before the battle started. This form of propanganda was deceiving, untrue and invalid. Such is the propanganda of the U.S.; and just as the Roman Empire fell, the U.S. Empire will fall - at the hands of the people.

In Germany, Hitler assigned a man named Goebbels to be in charge of propanganda. Goebbels was an expert in tricknology. His propanganda was such that he wouldn't allow any joyful songs to be played over the radios, so that the people would constantly be in a state of mind that was monotonous and supportive of the Hitler Regime. Here in the U.S. we can equate Goebbels to Vice President Agnew, who has strict control of the major American News Media; and Hitler to Nixon, who masterminds and manipulates the U.S. government in an almost identical Nazi-like manner.

The brothers and sisters in the many communities across the country must stop jiving and start looking into things instead of taking them at face value. All the nickel and dime games that you play on other oppressed people must stop. All the red devils, trues, and drugs must go. Those Eldorados will have to turn into tanks, and those bad rags into guns and ammo. You must understand that you're the ones that are going to be on the front lines, whether you like it or not. Every black man is a dangerous suspect in the eyesight of the oppressor. You know that as well as I. So right on, Brothers and Sisters.

## 'BOBBY SEALE ON FASCISM

America is a capitalist country, which is to say, it is built on the idea of a handful of individuals exploiting the people for profit, owning the properties, the goods, the resources which belong to the people themselves and from whom they were stolen.

A capitalist is just a grand scale criminal, a super-gangster who robs countries, peoples' whole populations, instead of liquor stores.

But because the capitalists in America own, control and regulate the laws and machineries of the state, they can't be brought to justice, even though they are the real criminals and their crimes against the people are enormous, their thefts and murders running into the millions each year.

Capitalist America is not responsible to the people, it is the enemy of the people. Its theory and practice are lawless, because all it's interested in is theft and oppression, that's why the fascist rulers in this country do not obey the constitution or enforce it. Instead, they violate it.

Let's get to a definition of fascism.

Fascism occurs when the capitalist state is in deep economic, political and racial trouble. In economic terms, fascism is the conversion of the economy to a warfare state, developing an enormous military machine to keep capitalism from collapsing. This war machine keeps the white proletarian masses em-

ployed, and its propaganda and practice keeps them agitated with racism. This constant racist agitation justifies the racist war machinery the fascist state uses abroad on non-white people and justifies the use of that same war machine for race wars on non-white people at home. Fascism is a racist, military machine that works both internally and abroad, at the same time.

Fascism brutalizes the masses, castrates the so-called "liberal" middle class and crushed people of color. Its plan is to brutalize the white masses and replace whatever class consciousness and sense of class struggle they might have had with racism, race hatred, and race war. Thus the white proletariat sees people of color as its enemy and identifies, supports and honors the police, the green berets, the FBI, all the fascist things that oppress black people.

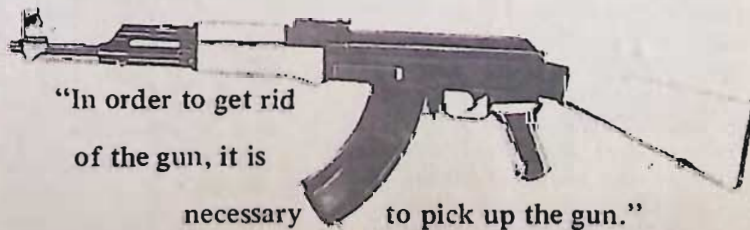

The terrorized middle class of bourgeois liberal pretensions keeps its mouth shut and more shut, because as we become more and more oppressed by the machinery of racist oppression, they become more and more intimidated by it.

So the fascist state's plan is to be at perpetual war-internally and around the world--to keep its capitalist economy going. To do that, it gets the white proletariat on its side with jobs provided by a racist war machine and makes the systematic elimination of non-white peoples an official policy of the state. To keep the masses and the petty bourgeoisie from developing revolutionary consciousness, fascism reduces the amount of education available--especially college education--in order to increase its supply of exploited, racist workers. Having this large surplus of workers, fascist capital moves to fascisize the labor force. Since many workers are employed making war machinery for race wars, they are easy prey to racist propaganda, and once persuaded that fascism is in their interests, they will support fascist capital. Once fascist capital has fascisized labor, the two move together for the systematic destruction of blacks, browns, Orientals, Jews, etc. Fascist capital and fascist labor form the upper and lower jaws of a racist dog. That is fascism and that's what happening here.

# Ten Point Platform of the Black Panther Party

What  
We  
Want

**BOBBY SEALE** CHAIRMAN, B.P.P.  
**HUEY P. NEWTON** MINISTER OF DEFENSE, B.P.P.  
**ELDRIDGE CLEAVER** MINISTER OF INFORMATION, B.P.P.

What  
We  
Believe

**1. We want freedom. We want power to determine the destiny of our Black Community.**

We believe that black people will not be free until we are able to determine our destiny.

**2. We want full employment for our people.**

We believe that the federal government is responsible and obligated to give every man employment or a guaranteed income. We believe that if the white American businessmen will not give full employment, then the means of production should be taken from the businessmen and placed in the community so that the people of the community can organize and employ all of its people and give a high standard of living.

**3. We want an end to the robbery by the CAPITALIST of our Black Community.**

We believe that this racist government has robbed us and now we are demanding the overdue debt of forty acres and two mules. Forty acres and two mules was promised 100 years ago as restitution for slave labor and mass murder of black people. We will accept the payment in currency which will be distributed to our many communities. The Germans are now aiding the Jews in Israel for the genocide of the Jewish people. The Germans murdered six million Jews. The American racist has taken part in the slaughter of over fifty million black people; therefore, we feel that this is a modest demand that we make.

**4. We want decent housing, fit for shelter of human beings.**

We believe that if the white landlords will not give decent housing to our black community, then the housing and the land should be made into cooperatives so that our community, with government aid, can build and make decent housing for its people.

**5. We want education for our people that exposes the true nature of this decadent American society. We want education that teaches us our true history and our role in the present-day society.**

We believe in an educational system that will give to our people a knowledge of self. If a man does not have knowledge of himself and his position in society and the world, then he has little chance to relate to anything else.

**6. We want all black men to be exempt from military service.**

We believe that Black people should not be forced to fight in the military service to defend a racist government that does not protect us. We will not fight and kill other people of color in the world who, like black people, are being victimized by the white racist government of America. We will protect ourselves from the force and violence of the racist police and the racist military, by whatever means necessary.

**7. We want an immediate end to POLICE BRUTALITY and MURDER of black people.**

We believe we can end police brutality in our black community by organizing black self-defense groups that are dedicated to defending our black community from racist police oppression and brutality. The Second Amendment to the Constitution of the United States gives a right to bear arms. We therefore believe that all black people should arm themselves for self-defense.

**8. We want freedom for all black men held in federal, state, county and city prisons and jails.**

We believe that all black people should be released from the many jails and prisons because they have not received a fair and impartial trial.

**9. We want all black people when brought to trial to be tried in court by a jury of their peer group or people from their black communities, as defined by the Constitution of the United States.**

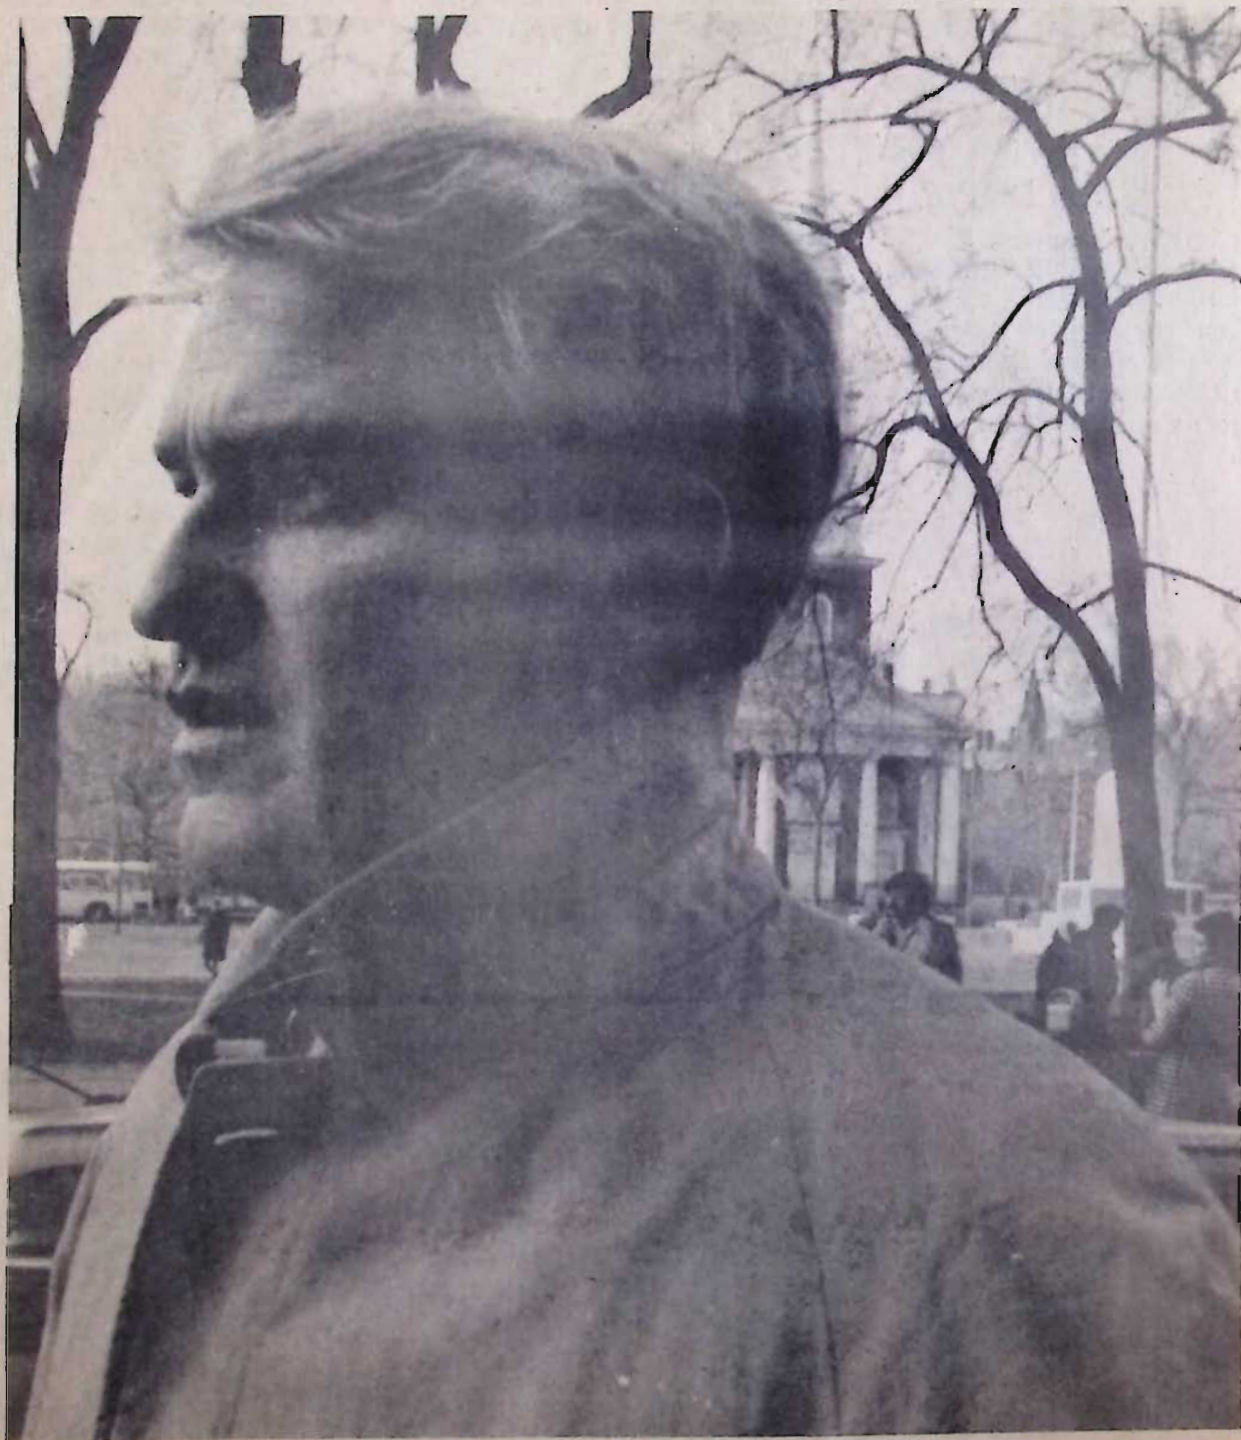

We believe that the courts should follow the United States Constitution so that black people will receive fair trials. The 14th Amendment of the U.S. Constitution gives a man a right to be tried by his peer group. A peer is a person from a similar economic, social, religious, geographical, environmental, historical and racial background. To do this the court will be forced to select a jury from the black community from which the black defendant came. We have been, and are being tried by all-white juries that have no understanding of the "average reasoning man" of the black community.

**10. We want land, bread, housing, education, clothing, justice and peace. And as our major political objective, a United Nations supervised plebiscite to be held throughout the black colony in which only black colonial subjects will be allowed to participate for the purpose of determining the will of black people as to their national destiny.**

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the powers of the earth, the separate and equal station to which the laws of nature and nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty, and pursuit of happiness. That, to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; that, whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and, accordingly, all experience hath shown, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But, when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.

## PIGS IN ASHMUN ST. PROJECTS

In the last several months the rent in the Ashmun Street projects has been raised without the consent of the residents of the community. The money is now being used to open up pig stations in the Ashmun St. projects. In each of the high-rise apartments there can be found in the basement, remodeling; in each case can be found new wood paneling, new carpets, new desk, and various other items which were paid for by the tenants of Ashmun St. for new community pig stations.

The question which should be raised is whether or not the black community should allow this manoeuver by the pigs to go unanswered. For too long pigs have used the black community as staging areas for the piggish crimes they commit against the black community. These so-called pig community service centers are the same ones which were opened up on Congress Avenue, and in the Newhall District. They claim to be serving the needs of the black community through birth control pills, through record hops, and

through pig recruitment programs.

The Black Panther Party takes the position that there should be a community control of pigs in the black community. The Black Panther Party takes the position that community centers should be set up to serve the basic needs of the black community. Such basic needs as free clothing, free breakfast programs, free medical clinics, and legal aid. The community must understand how the pigs are moving to be able to vamp on the people of Ashmun St. in their sleep, while they're coming home from work, or any time the pigs feel like acting as pigs. What the New Haven Black community must realize is that there is an undeclared war being waged against black people here in Babylon, the tactic is to infiltrate into the black community to carry out their acts of aggression. Think about it!

There will be a petition circulating so that the people can decide what type of services they want.

### ON ORGANIZING SELF DEFENSE GROUPS

Well, brother and sister; now is the time to see just how together you really are. At this stage in the struggle a clear line of demarcation has been drawn between our friends and the enemy and it is important to the struggle that we stop theorizing and start putting some of that theory into practice. And if you cannot dig it let me break it down further. I mean let's start dealing with the enemy in a revolutionary manner. Let's start killing some of these clowns. Let's not just run around like a bunch of crazy niggers with guns because we are not that, we are Revolutionary Guerillas, and if you cannot understand that there is no point in your reading this article at all. You might as well sit back and smoke weed and dance and finger

pop and die on your knees. Because we are going to get ourselves in deep. So first, let's start examining just what the enemy has going for him. The enemy has three main things going for him:

1. Communications, 2. Mobility, 3. Information. Let's examine each one of these carefully. 1. Communications: this means that the enemy has radios and other things at their disposal. They can call in for help, so this is very important. When we attack make sure that the enemy cannot make that call.
2. Mobility: this means that the enemy has cars and trucks to arrive at the scene very quickly and it can bring anywhere from 50 to 500 more pigs on the scene before we can realize what has happened and by having additional pigs the operation may not succeed.
3. Information: Information is very important. You see

there are a lot of fools running around this country who will do anything to f--- up the people's liberation. The only way to deal with this is when you know that you have a fool of bootlicker around in your presence just don't say anything that the enemy can use to endanger you or your comrades. So now brothers and sisters, let's get down to business. Black people keep on wondering what to do. Well, here it is and now to do it. So what's there to talk about?

Power to destruct and the power to destroy.

Death to the fascist pigs.

## THE PEOPLE'S NEWS SERVICE

The Black Panther Party exists to serve the people, to help Black People meet their basic needs in communities all over the country. We do this through concrete programs, such as the Free Breakfast and Free Clothing programs, and through politically educating the masses of Black People about their true situation inside racist Babylon, and how that situation can be changed. Another of the Black Panther Party's community programs is the People's News Service.

People's News Service carries news about the activities of the Black People's political party - the Black Panther Party - and its programs; its main aim is to meet

some needs of the people, by providing news and information about what is going on in the community, and what is happening to the community.

Any program which is trying to meet the basic needs of the people must have the fullest possible participation by the people to be truly successful in its goals. And, a community news service, if it is to function in the best interests of the people, should receive and use articles and letters of all kinds from people in the community every week. Since the People's News is made for the people so that we can better understand the situation of Black People and of all oppressed people in the world today, People's News Service needs the help of community people in order to fully and com-

pletely serve the people in their liberation struggle.

Bobby Seale has said, 'There are many writers needed for the Black Panther Party paper, but many of them just won't even send in a little article. We know a lot of Black writers are scared of guns and things like that, but it's not necessary to run around in fear of the fact that to relate to the people in this manner means to defend the struggle and the people's struggle and one's self,' referring to the Black Panther Community News Service which is national in scope. This is equally true for the People's News Service. We need writers, and especially Community News Reporters, to gather information about what is happening to Black People every day on the streets of our cities, and why.

**SEIZE THE TIME!** Contribute your help and skills of writing, typing, or art work so that the People's News Service may more completely serve the Black Communities of New Haven, and of Connecticut.
