U.C. OUT OF PEOPLE'S PARK

The 22nd ANNIVERSARY OF THE MURDER OF JAMES RECTOR

EARLY MORNING TO EARLY EVENING

People's Park is not just a symbol of the 60's. It has been a fact of political life throughout the 60's, 70's and 80's. A 22 year protest demonstration directed at the University of California ties to the Military, Corporate Real Estate Interest. We cannot allow this community controlled, user developed, Free Speech public open space to be paved over for an institutionalized recreational facility to serve the Privileged Few. People's Park in the 90's serves as a base camp for the homeless. The park is a livingroom and kitchen for the homeless and everyone's backyard. U.C./City goals are to relocate this population out of the southside and into a Concentration Camp in the industrial areas of Southwest Berkeley, near the border.

IT IS THE RESPONSIBILITY OF ALL ACTIVIST TO OPPOSE THE
FORCES OF THE CITY, UNIVERSITY, MERCHANTS AND
DEVELOPERS AXIS AND TO DEFEND PEOPLE'S PARK
