When i Declare War

When I declare War,
It will be at the right time;
And conquering and destroying my enemies,
Is going to be the top priority in my mind.
I will not be interested in signing any peace treaties;
Until my people have won total Respect and Honor
from our enemies.

When the day has come and my enemies has gone too far;
Then that is the time, when i declare War.
I cannot say when the day will come;
Nor can i say where my strength will derive from.
It will not be long before the day is here;
When i will pick up my arms and pack my gear.

When I declare War,
And demand to be reparated;
For all of the years that my people was Oppressed
and degraded.
I will be nothing more or less than a people's
warrior in the People's Army;
Who is being reconstructed to combat our enemies.
Who is unceasingly destroying our true Geniuses of
the Human Race;
Who has dedicated their life to struggling, to help
elevate our people to their proper place.

When i declare War,
It will be for a righteous cause;
It will be to help Free my people,
And i will disregard all of my enemies' Laws.
That held many of my people in Bondage and as slaves;
And in their struggle to be Free, they forced many of them
into their graves.

When I declare War,
I will be overtaken by my Free and untamed spirit;
And i will seek to destroy my enemies,
Until the Law of Cause and Effect see fit.
When I Declare War,
I will commit my Body and Soul;
Because i will gladly fall,
If it will One day help the Black Nation again be a Whole.
